Maryland Department of Health &amp; Mental Hygiene / Office of Operations, Eligibility &amp; Pharmacy

## Maryland Preferred Drug List

Only drugs that are part of the listed therapeutic categories are affected by the PDL. Therapeutic categories not listed here are not part of the PDL and will continue to be covered as they always have for Maryland fee-for service Medicaid patients.

Note: For most multi-source products, the generic product(s) are usually preferred and branded innovator product(s) are non-preferred. Most branded PDL products that are new to market require prior authorization until they are reviewed. The PDL listed below includes updates effective April 3, 2007. Updates to the preferred status of individual drugs or drug classes are highlighted. Key: All lowercase letters=generic product; Leading capital letter=brand name product

## Maryland Medicaid Pharmacy Information Website

The Maryland Medicaid Pharmacy Program has developed a new website which includes past issues of the newsletter, links to Pharmacy Program Advisories, Transmittals, the Maryland Medicaid Pharmacy Program Preferred Drug List (PDL), HealthChoice Managed Care Organization (MCO) formularies, and a link to the Maryland Medicaid Pharmacy Program Department of Health and Mental Hygiene website.

In the future, the website will include continuing education programs as well.

The website can be found at [www.marylandmedicaidpharmacyinformation.com](http://www.marylandmedicaidpharmacyinformation.com).

## DHMH Continues E-mail “Advisory”

The Department of Health and Mental Hygiene Maryland Medicaid Pharmacy Program (MPP) has developed an e-mail notification service called “Advisory” to give the pharmacy community important timely information. The Advisory is e-mailed to pharmacy and prescriber associations in the State, who then forward them to their members. These groups include representatives from EPIC, CARE, Long Term Care Consultants, all chain drugstore headquarters, pharmacist and prescriber associations. If you belong to another pharmacy organization and do not receive e-mail Advisories from that organization, please contact the MPP representative at 410-767-1455 and provide the name and phone number of a contact person for that organization.
