October 2010

Maryland Department of Health & Mental Hygiene / Office of Systems, Operations and Pharmacy

Maryland Medicaid Preferred Drug List

The Maryland Medicaid Preferred Drug List (PDL) shown includes updates effective October 1, 2010. Only drugs that are part of the listed therapeutic categories are affected by the PDL. Therapeutic categories not listed here are not part of the PDL and will continue to be covered as they always have for Maryland fee-for-service Medicaid patients. *Note: for most multi-source products, the generic products(s) are usually preferred and branded innovator product(s) are non-preferred. Most branded PDL products that are new to the market require prior authorization until they are reviewed.*

Key:

All lowercase letters = generic product

Leading capital letter = Brand name product

Highlighted = changes on the PDL

Note: A 72-hour emergency supply of a non-preferred drug is available by calling 1-800-932-3918. A 30-day emergency supply is available for non-preferred atypical antipsychotic agents and those subject to step therapy edits.

Advisory Keeps You in the Know

Get the latest updates regarding pharmacy issues through the Maryland Medicaid Pharmacy Program (MMPP) e-mail notification service. Called the *Advisory*, these communications provide the pharmacy community with the most up-to-date information. Please contact the MMPP representative at 410-767-1455 if you are currently not receiving e-mail *Advisories* through a pharmacy organization to which you belong.

30-day Emergency Supply of Atypical Antipsychotic Agents Available

When the prescriber is not available to obtain prior authorization for an antipsychotic medication that is non-preferred or second tier, the pharmacist can obtain a one-time only authorization to dispense up to a 30-day emergency supply. ***Do not let patients leave the pharmacy without medication if there is concern that the patient will be unwilling or unable to return at a later time that day after prior authorization is approved.*** To obtain authorization for an *emergency supply of an antipsychotic*, call Affiliated Computer Services (ACS) at 800-932-3918. During the 30-day window, the pharmacist must notify the prescriber of the need to obtain a PA before the prescription can be filled a second time and make a note for his or her records of the date, time and person contacted at the prescriber's office.
